

# SHORTGUIDE EDUROAM FOR ANDROID\*

\*) For Android 4.X you need to install the *T-TeleSec GlobalRoot Class 2* certificate beforehand! You can download it in common formats here:  
<https://www.pki.dfn.de/wurzelzertifikate/globalroot2/>

1. If necessary, delete the previous installation of eduroam (red arrow).

2. Open the **Google Play Store** and install the „eduroam CAT“-App.

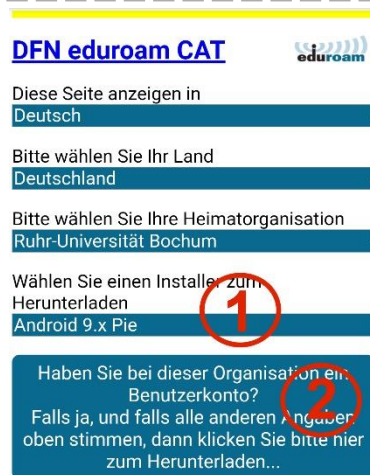

**NOTE: DO NOT** start the app after the installation.

3. Open your browser and go to:  
<https://cat.eduroam.org/?idp=5217>

4. Choose your compatible Android version if it is not already preselected (1).

5. Press the blue button (2).

6. Press the next blue button to download the configuration file (3).

Konfigurationsdatei die Sie hier herunterladen verarbeiten und macht dann alle nötigen Einstellungen.

Herunterladen des Installers für **Android 9.x Pie** (3)

Neu beginnen

7. Open the configuration file with the “eduroam CAT“-app.

**NOTE:** It might be necessary to set up a screen lock (pattern, pin or password). Otherwise the certificate might not work.
